LAOS PANDAW
Explore the mighty rivers of Southeast Asia and India
MAY 2023

Why Pandaw

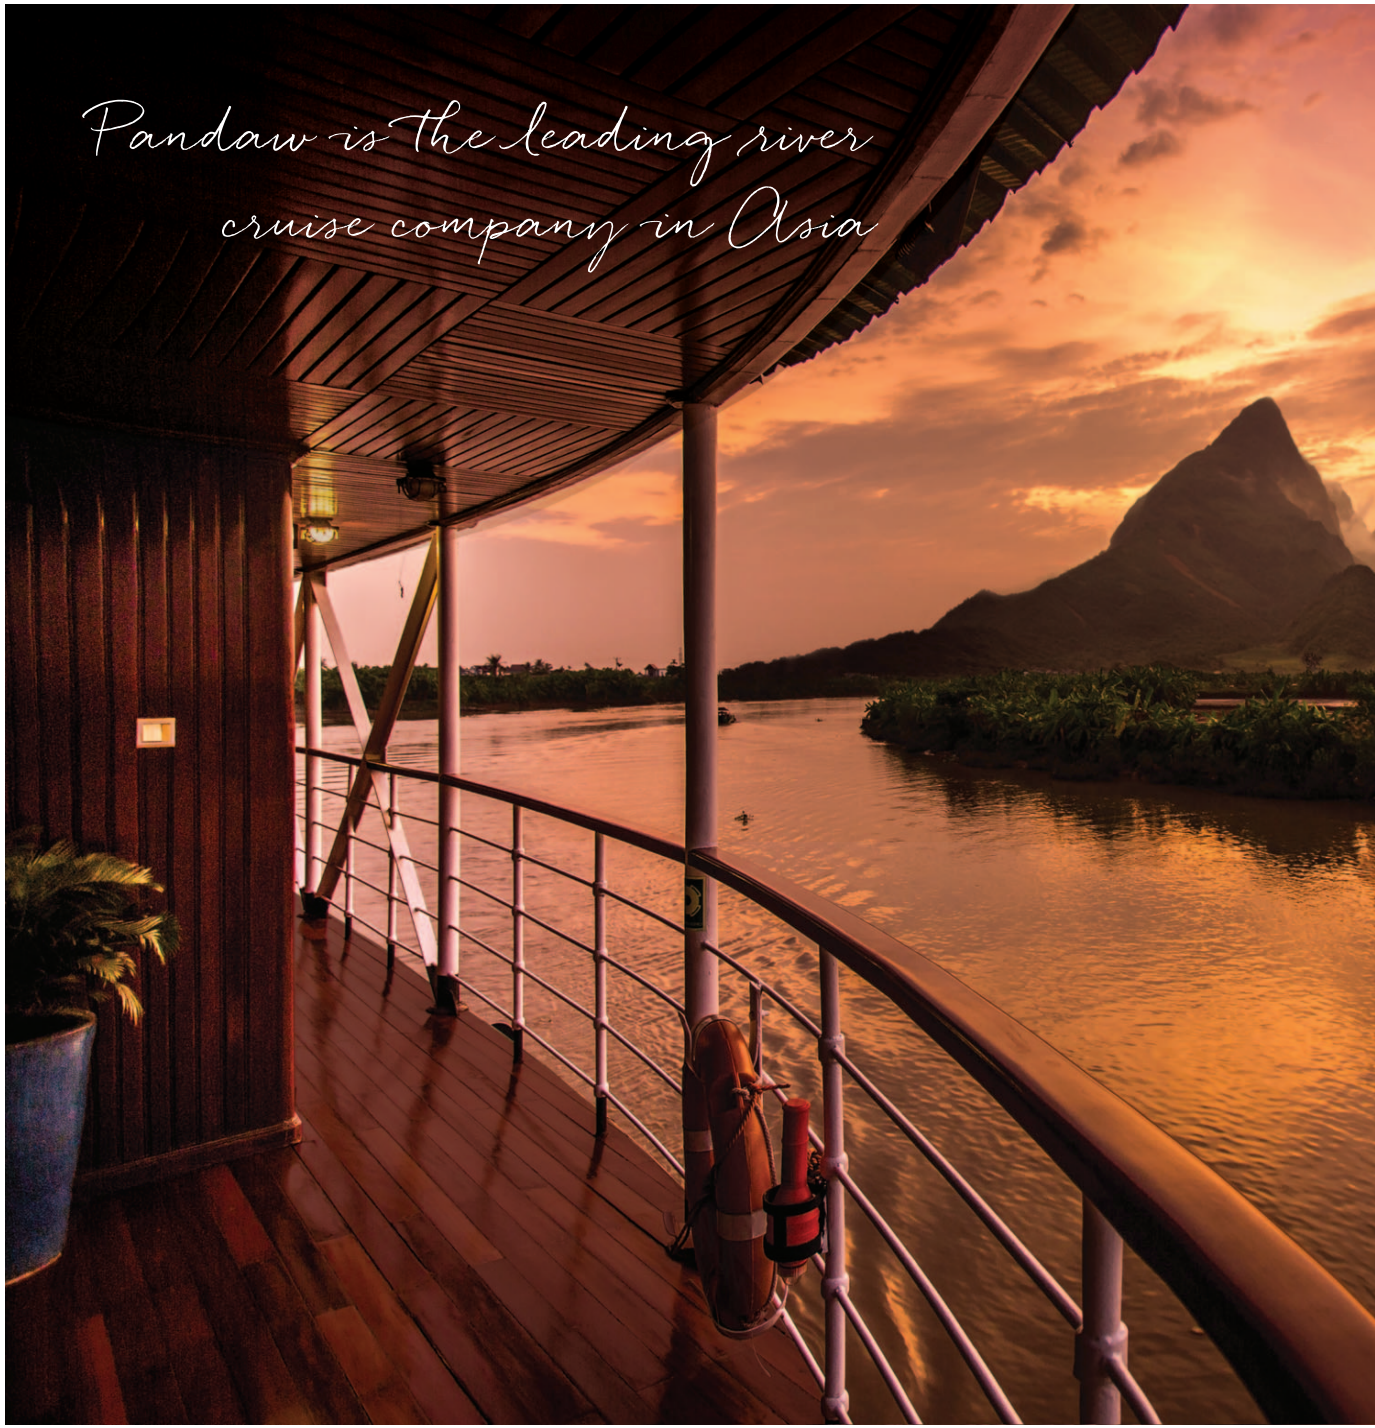

For over twenty five years Pandaw has specialised in exploring the remote and off the beaten track rivers of Asia. Places that few, if any, can navigate with our specially designed ships, offering travellers a truly exclusive and unique experience.

Essentially an outdoor experience, travellers meditate on the unfolding panorama of human and wildlife thriving on these great rivers from the spacious promenade and observation decks. All on board enjoy an informal and friendly atmosphere - the 'Pandaw Spirit' - for which we are renowned. We also have the highest passenger-to-deck space ratio of any cruise ships afloat, offering plenty of spots to relax and take in the panorama or chat with fellow travellers.

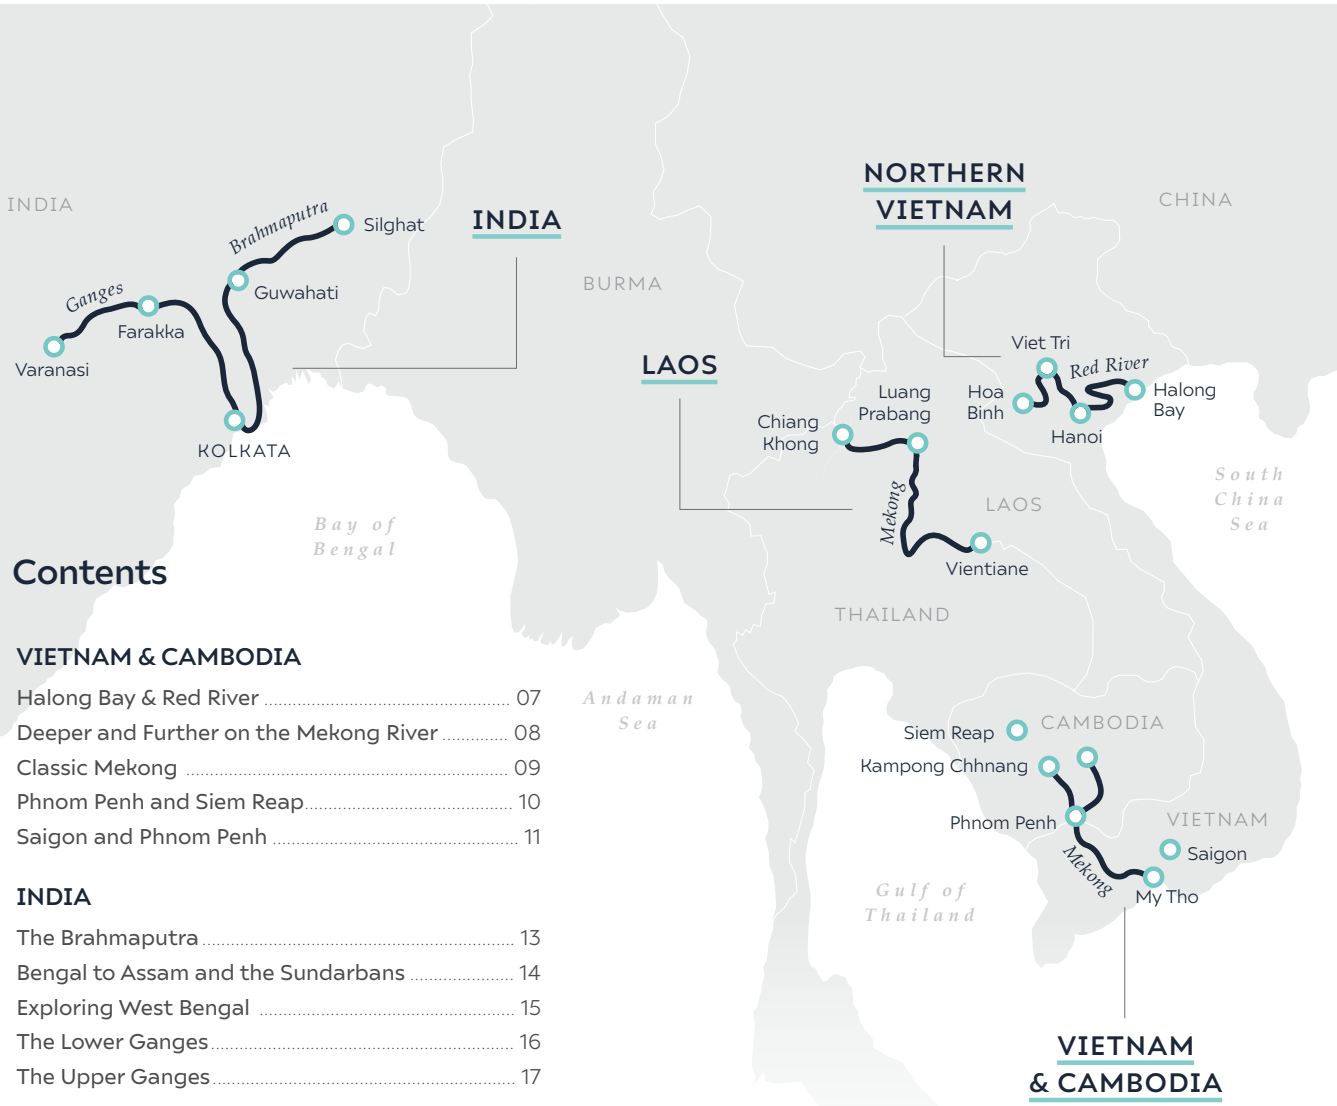

Learning about the culture and history first hand, both on board and ashore is a key part of a Pandaw journey. There are active walks and bike rides through the countryside and local villages, speedboat explorations penetrating deeper into the jungle and visits to heritage sites. Passengers have many opportunities to interact with welcoming local communities, including visits to Pandaw Charity projects along the way.

Finished in brass and teak by skilled local craftsmen and in the tradition of the Irrawaddy Flotilla Company. All seventeen of Pandaw's unique fleet are finished to exacting first-class standards with all modern conveniences. Objects of great beauty, these vessels have an ultra shallow draft and can venture where other ships can not.

We are also family friendly, our expeditions are perfectly suited to kids who gain unforgettable life experience from their interactions in the villages along the way.

Service

Pandaw is extremely proud of the high level of service provided onboard, making sure you are looked after every step of the way. Local crew members always have a smile for you, whether you are returning from a shore excursion or ordering your favourite drink at the bar. Their friendly nature makes you feel at home and their local knowledge enhances any cruise.

Experience

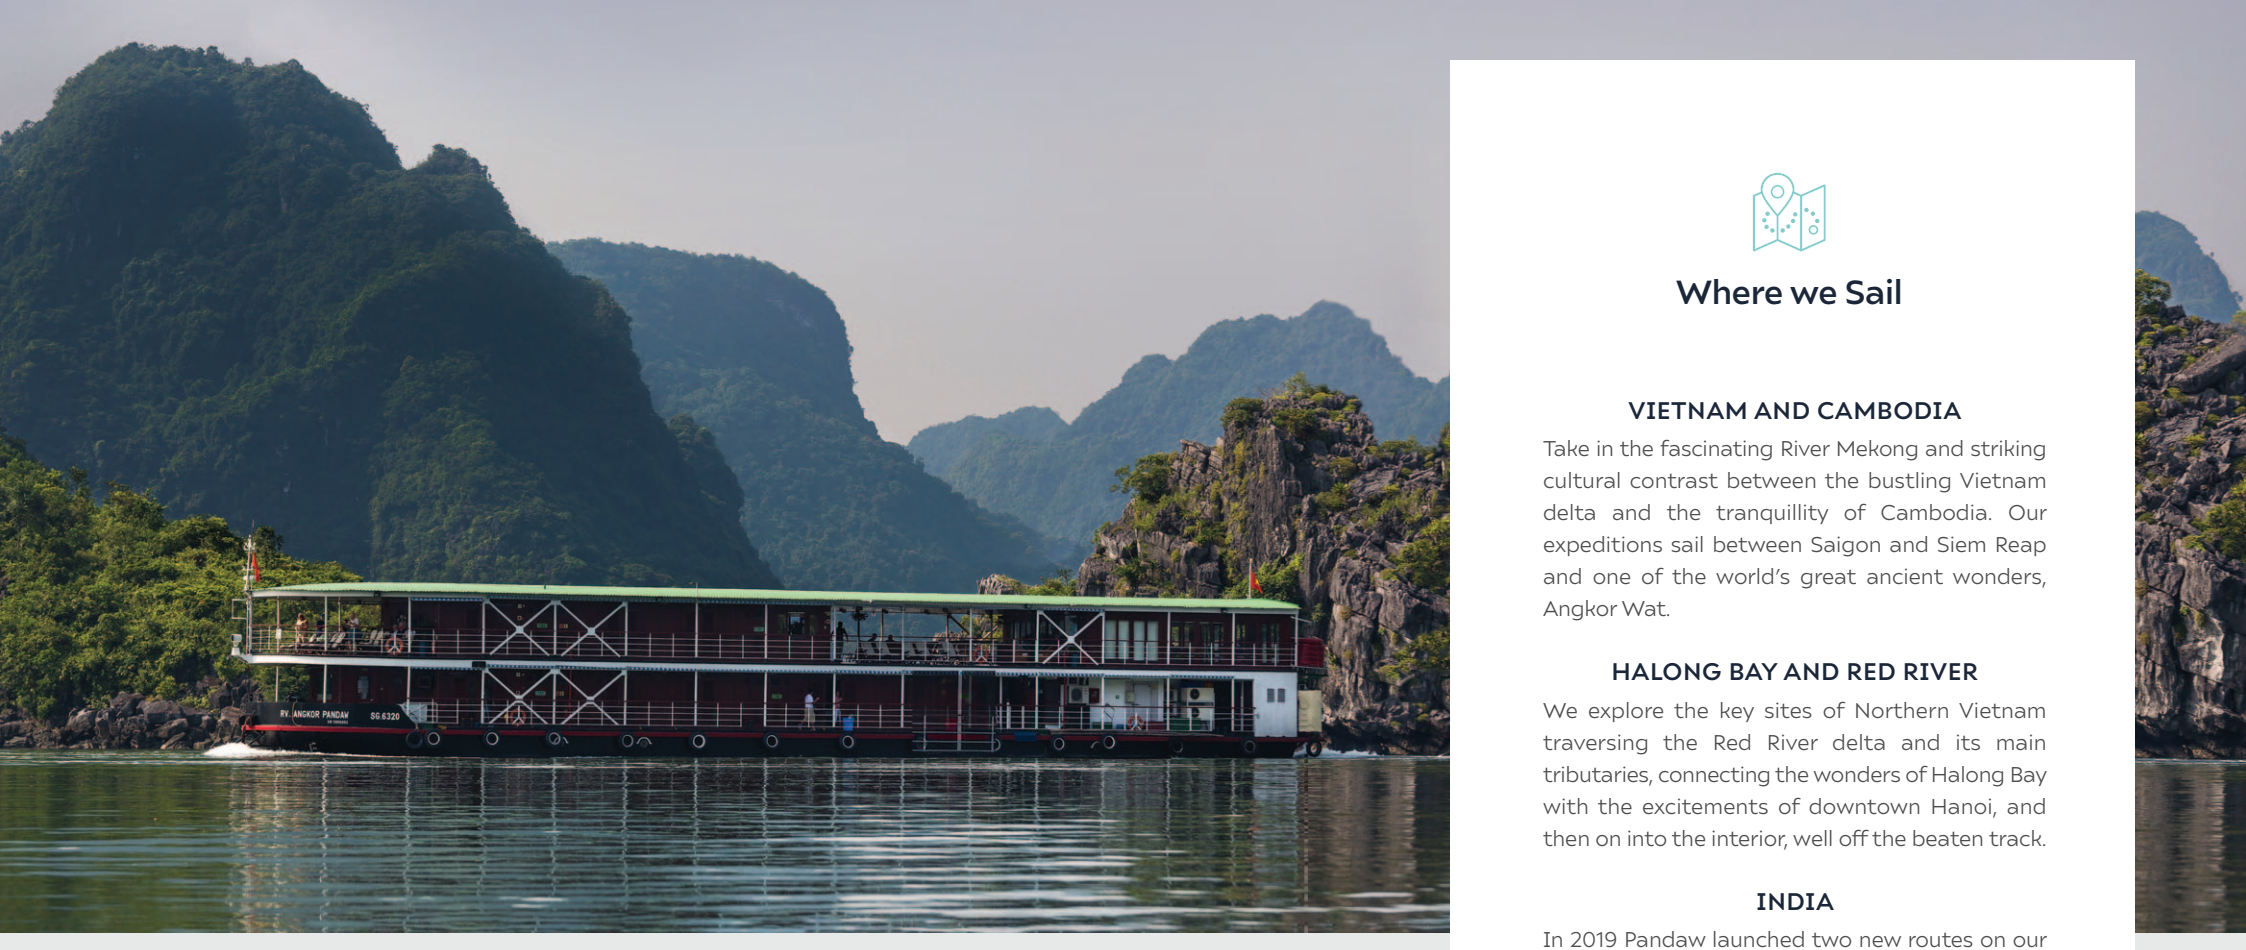

A Pandaw river cruise is a real adventure that takes you off the beaten track. Expect to explore remote villages, meet people in vibrant local communities (some of which seldom have contact with Western travellers) and see some unforgettable landscapes. These expeditions are all about immersing yourself in the unique and diverse cultures of South-East Asia and India. All scheduled shore excursions are included in the cruise fare and encompass tours under the guidance of local experts, market visits accompanied by the ship's chef and the chance to visit some of the Pandaw Charity projects in the area. We provide authentic local transport in the form of horse and carts or cyclos. Our fleet of mountain bikes is also available for independent exploration.

Food and Dining

Mealtimes offer the chance to sample some of the delicious local flavours found in the regions you are exploring. However, if you would rather stick to typical European offerings, these are available too. Wherever possible, sustainable ingredients are sourced from the ports visited to create delicious meals around the clock. Buffet breakfasts, lunches with buffet and served elements, and a la carte dinners are all included in the cruise fare – as is afternoon tea and a cocktail hour every evening. So that you don't miss a second of the passing scenery on some ships the main dining area has retractable walls to allow fresh air in and provide wonderful views. At night, these are closed off and the air-conditioning is used instead.

K CLASS VESSEL

The K-class dated back to the 1880s and were comprised of stern wheelers designed to reduce draft, their boilers placed in the bow to improve trim. Smaller than the great line steamers of the age, the K-class ships were used on the Chindwin and upper reaches of the Irrawaddy. Where possible we have reused the old IFC names and many of these original K-class ships had fascinating histories, through times of war and peace.

The original P-class ships were built by Yarrows of Glasgow in the late 1940s to replace the ships of the old Irrawaddy Flotilla Company lost in the war. The design was based on earlier 1930s designs with side paddles and the addition of a flying bridge. All the ships had a name beginning with a P and one of these was the original Pandaw that we acquired in 1998 and lovingly restored.
