NANI TRAVELS -

# INTRODUCTION

*Nani Travels is an ecotourism company based in French Polynesia that focuses on sustainable, tailor-made and unforgettable experiences. Since the launch of Nani Travels, sustainable development has been at the heart of its approach and business philosophy.*

*Nani is the story of a team of young Polynesians united by the desire to share their love and pride for their islands. After traveling the world, they realized that the essence of travel lies in respectful exploration of the Earth and its inhabitants.*

*From this vision was born Nani, a pioneering agency for sustainable tourism in Polynesia. Our mission: to offer authentic, enriching and sustainable experiences, where the environment, social issues and the local economy are at the heart, with an equitable impact for local communities long removed from tourism.*

# IMMERSIONS *by nani*

Nani immersions are exclusive and unique creations, designed with our care to make them memorable adventures. These immersions are representative of our values and are part of a sustainable approach that puts local communities and the environment at the heart.

Let these immersive experiences sweep you off your feet as you discover the beauty and generosity of Polynesia through new eyes.

## 01 AUTHENTIC

We respect and value our partners' stories, capturing their essence without ever distorting them. Each experience is carefully crafted to create unique moments, imbued with truth and depth.

## 02 INCLUSIVE

By co-creating with the local community, we actively contribute to the preservation of our cultural and environmental heritage. Our approach acts as an incubator for small tourism initiatives, enabling each passionate person to share their knowledge. We facilitate this transmission by respecting local traditions, while integrating creativity and expertise to offer enriching and respectful experiences.

## 03 REGENERATOR

In a circular economy approach, we have introduced a regenerative business model by integrating donations directly into our pricing. In this way, we go beyond simple heritage preservation: we create a sustainable financial resource that is reinvested in local community projects. In partnership with our employees, we contribute to a positive local dynamic, where every immersion contributes to the prosperity of the community.

# TE HEI

## Culture

Tinarei, a talented artisan, welcomes you for an immersion into the heart of a cherished tradition: the crafting of flower and indigenous shell crowns.

More than just a workshop, this is an intimate encounter with the soul of an art form that connects people to nature and celebrates the beauty of the Fenua.

In an authentic and serene setting, Tinarei will introduce you to the natural materials once used by the ancestors—vibrant flowers, delicately hued shells, and finely woven plant fibers. She will share the secrets behind these iconic adornments, passing down her knowledge and heritage with every gesture. Guided by her warmth and expertise, you will learn to weave your own crown, using ancestral techniques adapted to your creativity.

# THE REBIRTH

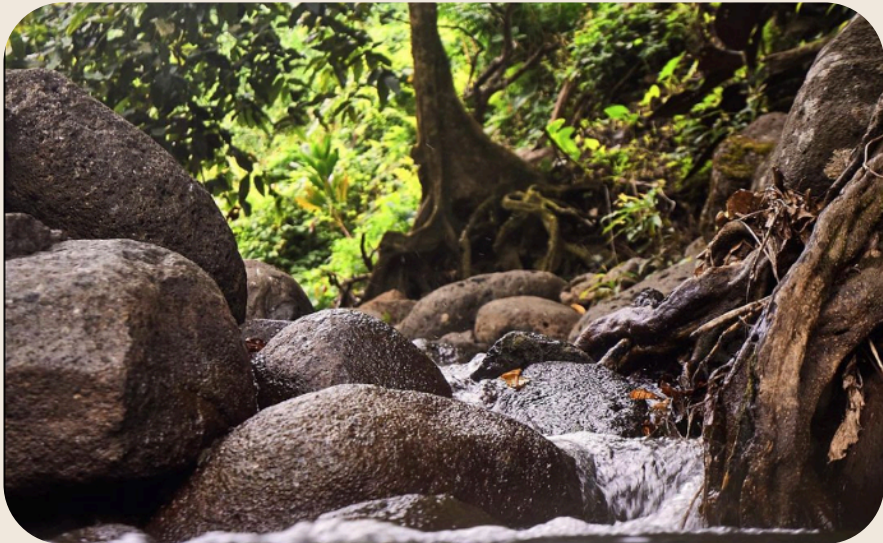

## Culture & Well-being

### Tahiti - Fa'aone

Some experiences cannot be told—they must be lived, felt, and embraced. Renaissance is one of them.

Hinanui invites you to an immersion where every element—water, earth, the whisper of the wind—becomes a guide to reconnect with your true essence. Heir to ancestral knowledge, she carries forward the sacred art of Polynesian healing, where body and soul are one. By her side, you will learn to listen, let go, and welcome the healing that flows from nature and the heart.

Throughout this journey, surrender to the pure waters of the Vaihi waterfalls, where the ancestors once came to cleanse and renew themselves. Rediscover the power of sacred gestures, rituals that honor both body and spirit, and the nurturing energy shared through touch, words, and presence.
