NAFLORESTA  
GLAMPING

**SLOW TRAVEL IN NATURE**

Where time slows down and nature  
guides the experience.

O Na Floresta Glamping nasceu de uma busca pessoal por experiências autênticas ao redor do mundo — lugares onde o tempo desacelera e a cultura local é vivida com presença.

Aqui, na Mata Atlântica de Porto de Pedras, criamos um espaço de pequena escala onde o simples é intencional e o conforto é essencial.

Não buscamos excesso.  
Buscamos equilíbrio.

A experiência acontece no silêncio da manhã, no banho ao ar livre, na mesa compartilhada, na fogueira acesa ao entardecer.

Com apenas quatro unidades e capacidade máxima para 11 hóspedes, preservamos algo cada vez mais raro: Atenção genuína e conexões verdadeiras.

O luxo, aqui, está na qualidade do tempo e na liberdade de estar presente.

## Open Kitchen

More than a functional space, the open kitchen is the gathering point of Na Floresta.

It is where our artisan breakfast comes to life, where bread rises slowly, and where conversations unfold without urgency.

The Artisan Bread Workshop emerges from this shared environment — transforming cooking into ritual, exchange, and presence.

The kitchen is not a backdrop. It is connection.

It reflects what we believe in: author-led hospitality, small-scale living, and the pleasure of creating with intention.

## Mango Tree Area

### **Pause, presence, and shared moments**

Under the shade of the mango tree, the pace naturally softens.

Yoga sessions, massage therapy, and curated experiences unfold in harmony with the forest.

It is also where groups gather, children explore, and celebrations find a setting that is simple yet meaningful.

More than an outdoor space, it is a place of encounter — where time expands and what truly matters comes forward.
