THE EPIC OF INDOCHINE - BY INDOCHINA SAILS

CAN THO - CAI BE

# OUR STORY...

*The Soul of Saga*

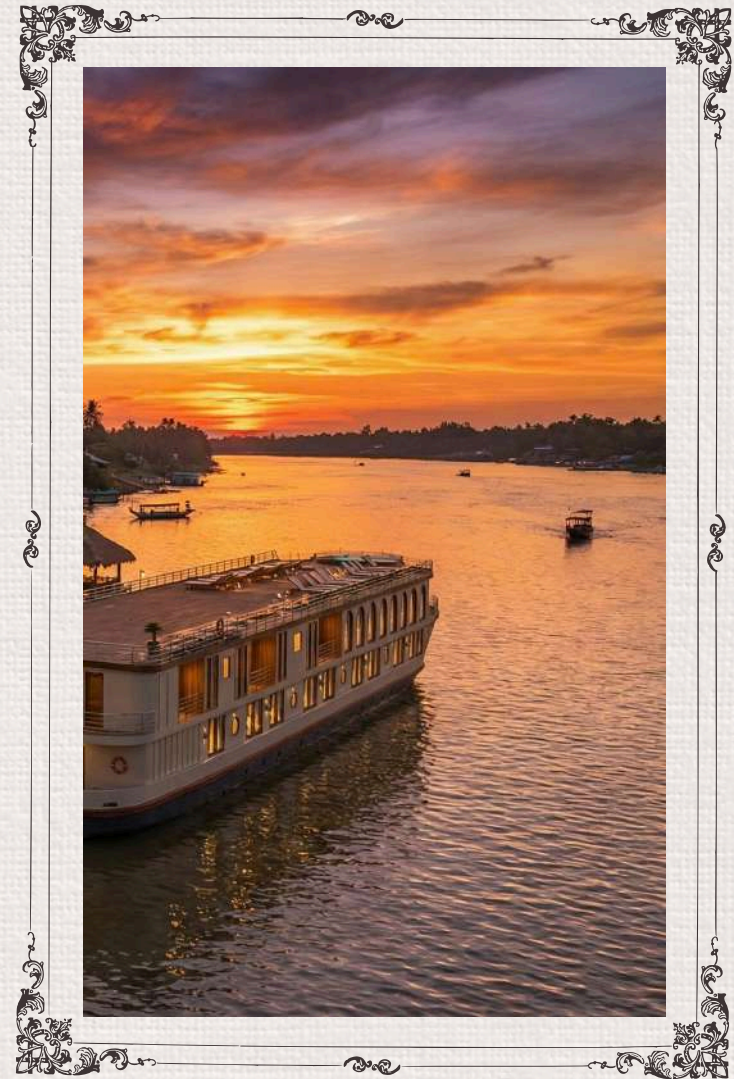

Where the whispers of the Himalayas meet the breath of the Eastern Sea, the Mekong River has flowed for millennia - carrying silt, spirit, and stories through the heart of Southeast Asia.

Along its gentle course, people have lived not against the river, but with it. Upon its fertile banks, the Champa and Viet civilizations flourished, weaving a legacy of artistry, grace, and harmony with nature.

From this eternal flow, Mekong Saga was born - a voyage that rekindles the soul of the river through timeless Indochine elegance, where every moment drifts effortlessly between heritage and contemporary refinement.

**“LEGACY ISN’T WHAT REMAINS IN MUSEUMS  
IT’S WHAT CONTINUES TO BREATHE THROUGH THOSE WHO REMEMBER.”**

# OUR BRAND

1993

2026

Since 1993, Indochina Sails has been a pioneer of luxury cruising in Vietnam - redefining elegance upon the emerald waters of Halong Bay. Rooted in devotion to craftsmanship and cultural authenticity, the brand has built a legacy of exquisite artistry through its renowned fleet: **Indochine Cruise, Indochine Premium, and Indochine Grand.**

Today, that legacy journeys southward with the debut of **Mekong Saga Cruise**, an overnight voyage through the storied waters of the Mekong River. “Saga” evokes an epic tale passed through generations; when intertwined with “Mekong,” it becomes a living poem of cultures: Viet, Champa - flowing together through time. Each deck, each space aboard the Mekong Saga is a chapter in its timeless narrative, a voyage through art, heritage, and the eternal rhythm of the river. Blending ancient mystique with Indochine elegance, it celebrates the beauty of Vietnamese craftsmanship in every detail, where the river’s gentle flow meets the art of living beautifully.

“  
Beyond its graceful decks, **Mekong Saga** carries a voice - the voice of the river itself, whispering tales of empires and artisans, of faith and flow, of a heritage still alive beneath every ripple.
